## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-2 and 4-18 are allowed.

2. The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1 and 2, there are no prior patents that disclose nor suggest a method of testing and controlling a fire door system that comprises the steps of sending a first test alert under control of an electronic controller after a first predetermined period of time; notifying a user by the first test alert that the system needs to be tested; automatically initiating a lockout mode after a second predetermined period of time and requiring by the lockout mode that the system be tested before the system is released from the lockout mode.

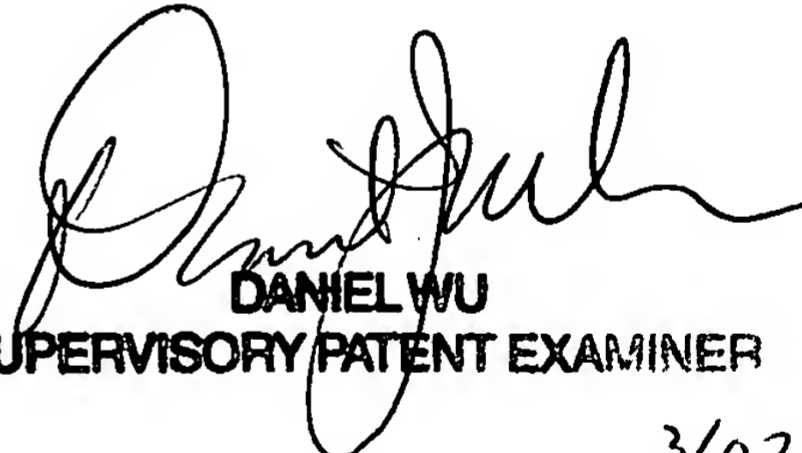

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
